NOMINATION FOR OUTSTANDING CONTRIBUTION TO MS NURSING 2017

MS nurses are an integral part of modern MS management, providing support, education, counselling, symptom management and advocacy to people living with MS across a variety of settings including the community, hospitals, outpatient clinics, private clinics, research and academia.

MSNA Inc. supports the pursuit of excellence in MS nursing and is pleased to offer this annual award. Nominations are now invited for MS nurses currently working in the area of MS, who demonstrate an outstanding contribution to their chosen field. All nominees will receive a certificate celebrating their nomination.

The winner of the award will be announced at the annual MSNA Inc. conference dinner, to be held in Hobart in September 2017.

The award is open to MS nurses across Australia and New Zealand who are current financial members of MSNA Inc. and have been so for the last two consecutive years. The nominee must also be currently working in the field of MS. The award will be judged by a panel convened by the MSNA Inc. executive committee and will include both expert MS nurses and independent members.
